

Colorado Mycological Society Mushroom Fair
Denver, Colorado August 27, 2000
Dr. Orson K. Miller Jr.
Prepared by Hope Miller

Agaricus amicosus (high elevations)
Agaricus arvensis
Agaricus augustus
Agaricus cf. bitorquis
Agaricus campestris
Agaricus xanthoderma
Agaricus cf. xanthoderma
Agaricus sp. #1 (large, red staining flesh, from the prairie)
Agaricus sp. #2
Albatrellus confluens
Albatrellus ellisii
Amanita sp. # 1 (Loveland Pass, cut off at ground level, no bases)
Amanita muscaria
Amanita vaginata
Amanita cf. velosa (button)
Armillaria ostoyae
Astraeus hygrometricus
Auricularia auricula
Boletinellus merulioides
Boletus edulis
Bovista plumbea (a number of collections but all immature)
Calbovista subsculpta
Calocera cornea
Calvatia booniana
Calvatia cretacea
Calvatia cf. cyathiformis
Calvatia cf. excipuliformis
Calvatia subcretacea
Cantharellus cibarius
Chalciporus piperatus
Chlorophyllum molybdites
Clavariadelphus ligula
Clavariadelphus truncatus
Clavulinopsis laeticolor
Clitocybe albirhiza
Clitocybe bresadolana (see Courtecuisse, Collins Field Guide)
Clitocybe dilatata
Clitocybe odora
Clitocybe robusta
Collybia acervata

Collybia butyracea
Collybia dryophilla
Collybia cf. earleae (Murr.) Murr. see Vilgalys *Mycologia* 83:758
Collybia micaceus
Coprinus atramentarius
Coprinus micaceus
Coprinus niveus
Coprinus cf. radians
Cortinarius sp. #1 (subgenus *Telemonia*)
Cortinarius brunneus
Cortinarius camphoratus
Cortinarius trivialis
Crucibulum vulgare
Cystoderma fallax
Endoptychum agaricoides
Entoloma sp. #1 (Loveland Pass)
Entoloma sp. #2 (gray)
Entoloma cf. serecius high elevation
Flammulina velutipes
Galerina autumnalis
Galerina cf. stagnina
Galerina sp. #1
Ganoderma applanatum
Gerronema postii
Gloeophyllum sepiarium
Gomphidius glutinosus
Gymnopilus alpinus
Hebeloma alpinum
Hebeloma bruchetii
Hebeloma crustuliniforme
Hebeloma kuehneri
Hebeloma pusillum
Hebeloma sp. #1 (subgenus *Hebeloma*)
Hydnum repandum
Hygrocybe conicus
Hygrophoropsis aurantiaca
Hygrophorus chrysodon
Hygrophorus erubescens
Hygrophorus hypothejus
Hygrophorus picea
Hygrophorus subalpinus
Hypomyces lactifluorum
Hypomyces luteovirens
Inocybe dulcamara
Inocybe fastigiata

Inocybe geophylla var. geophylla
Inocybe geophylla var. lilicina
Inocybe lanuginosa
Inonotus tomentosus
Laccaria bicolor
Laccaria laccata
Laccaria montana
Laccaria proxima
Lachnellula arida
Lactarius deliciosus
Lactarius repraesentaneus
Lactarius subdulcis
Lactarius uvidus
Leccinum cf. brunneus
Leccinum insigne
Lepiota cristata
Lepiota naucina
Leucopaxillus amarus
Lycogala epidendrum
Lycoperdon molle
Lycoperdon perlatum
Lycoperdon pyriforme
Lycoperdum umbrinum (high elevation)
Lyophyllum decastes
Lyophyllum sp. #1 (Loveland Pass)
Macrolepiota rachodes
Marasmiellus sp. #1 (Loveland Pass)
Marasmius androsaceus
Marasmius oreades
Mycena pura
Neolecta irregularis
Omphalina epichysium
Omphalina pyxidata
Peniophora rufa
Peziza repanda
Peziza cf. saniosa (Loveland Pass)
Phallus impudicus
Pholiota lubrica
Pholiota squarrosoides
Pleurotus pulmonarius
Pluteus cervinus
Psathyrella candoleana
Psathyrella cf. hydrophila
Psathyrella ochracea
Psathyrella velutina

Psilocybe coprophila
Ramaria cacao (see Arora)
Ramaria lagentii
Ramaria magnipes
Rickenella fibula
Rickenella mellea
Russula sp. #1
Russula aeruginea
Russula albonigra
Russula brevipes
Russula decolorans
Russula emetica
Russula emetica var. alpestris
Russula laurocerasi
Russula nana
Russula palludosa
Russula rosacea
Russula xerampelina
Sarcosphaeria exemia
Scutellinia scutellata
Sepultaria sp. #1
Stropharia coronilla
Stropharia riparia
Suillus brevipes
Suillus lakei
Thelephora terrestris
Tremella sp. #1
Trichaptum bifforme
Tricholoma flavovirens
Tricholoma inamoenum
Tricholoma magnivelare
Tricholoma saponaceum
Tricholoma sulfureum cf. var. hemisulfureum
Tricholoma vaccinum
Tricholoma zelleri
Tricholomopsis rutilans
Tulostoma sp. #1
Weraroa cuculata
Xeromphalina campanella
Xeromphalina caudicinalis
